## SOME GOOD SPORT.

Fair Attendance and Excellent Sport on the Opening Day of the Helena Races.

Bob Wade, Nevada and Daniel B the Winners, the 2:40 Trot Being Unfinished.

Daniel B Breaks Into the Half-mile Record—Sleepy Dick's Good Race After a Poor Start.

The inaugural day of the twentieth exhibition and races under the auspices of the M. A. M. & M. A. was all that the most enthusiastic Montananian could desire, save the smoky atmosphere that obscured the sun and landscape. There were at least 500, and possibly 700 people on the grounds. The first race, quarter mile dash, for a purse of \$200, was called at 2:30, and resulted:

Bob Wade, Nevada.....1  
Jim Miller.....2  
Cyclone.....3

Miller was, with Bob Wade, alternately the favorite, with from \$10 to \$50 for each, the field, including Nettie S. Cyclone and Kitten, about half for either Wade or Miller. Wade got the best of the start by an open length and won easily, for Miller, Cyclone third. Time, 2:22 1/4. Outside watches made the time 2:22 1/4.

Second race, three furlongs, mile, purse \$300, was continued for by:

Jou Jou.....1  
Tom Daly.....2  
Billow and Gold Dust, unplaced.....3

When the auctioneer in the box, commenced selling, Nevada was the choice. From her running at Anaconda, Butte and Deer Lodge there was a quiet, it was a race, but this bias-faced daughter of Regent and Ella, but to the astonishment of many Jou Jou was bringing more than the four others combined, and it was freely whispered about the betting grounds that Jou Jou was a cinch, he was out for the money for the first time in the circuit, was going to cook the gray chestnut with the white legs and black face, etc. The five horses went to the post, while a shower of greenbacks and gold coin went into the auction and mutual boxes. When the quartette went away, Jou Jou was at the rail, an open length in front of his company. Tom Daly closed with him at the half and ran (on sufferance) inappreciable part of the way to Montana, where, almost level, with Nevada trailing at ease. As the leading pair turned into the stretch Nevada ran like a flash, to the stand her jockey, Ella Platt, began to saw her head off, continuing the open action until within the distance when turning loose one of the hands with which he had held back the grand mare under him, he essayed a movement with his whip, apparently with the intention to make a show of an effort to win. As in the case of the hucley on Bob Wade at Butte, it was a fatal mistake for the backers of Jou Jou. Before he could recover command, the craft he was navigating, engineering, steering, or whatever term could or can be applied to fraudulent racing, was under the wire, a winner by a short head or more, with little boys of 10 years shouting, "See him pull Nevada! See him pull Nevada!"

Third race, half-mile dash, purse \$250. This event had for starters:

Daniel B.....1  
Sleepy Dick.....2  
Red Elm.....3  
Monte.....4

The quartette went to the post with Daniel B. first choice at more than even money against the field. He got off in front, and won by half a length from Sleepy Dick, in 47 1/2 seconds, equalling Ollip's hitherto unrivaled record. It was a great race from a time standpoint, and a greater one for Sleepy Dick, who got at least a length the worst of the start, ran behind until the turn into the head of the stretch, and finished at Daniel B.'s saddle girth.

Race No. 54, trotting—purse \$500, 2:40 class. Entries—L. Maud Singlet, b. m., by Singleton, Forest, H. Kirkendall, Morehouse, Butte; 2, Young Kancher, ch. g., by Cashier, dam by Grey Eagle, C. B. Jeffries, Butte; 3, James F. b. g., by a porter, dam Jesse F. Fancher, Salt Lake; 5, Sister V., b. m., by Sidney, dam Nettie Lambert, J. F. McNair, Seattle, W. T.; 6, Halstorm, br. g., by Bishop, dam Lady Gravelby, by Smuggler, Huntley & Clarke, Tucson; 7, Frodostratation, b. b., by Chandler, dam Belle, by Woodford's Abdallah, H. Kirkendall, Helena.

The first heat of the fourth race was won by Sister V., who was the favorite at from \$25 to \$75 against \$20 for James F. Maud Singlet, \$8 to \$15; Young Kancher, \$5 to \$8 and the field with Frodostratation and Halstorm at from \$5 to \$10. She won the heat in 2:28 1/4, from James F. and Maud, a good third. She was a great favorite after the first heat and from a post box standpoint a sure winner. James F. had staunch support, however, and the suckers backed the outside chances of the field and Maud Singlet with commendable confidence. James F. won the second heat in 2:28 and the first was started in the third heat with James F. a favorite, Sister V. winning in 2:28 by a short head. The race was then postponed until 10:30 to day.

## ABOUT THE WATER SUPPLY.

Eastern Firms Anxious to Compete with Those of Helena.

The average taxpayer is on the tip-toe of expectancy to know what the city council will do on the water proposition. From the interviewers published in these columns a few days ago on this question it is evident that the popular sentiment favors the proposition of letting a water contract to some responsible company, believing that the city's financial standing will not at this time justify the expenditure of an amount of money such as the enterprise would involve if the city were to purchase its own water supply. While the average citizen favors the letting of a contract, they do not in explicit terms express favoritism for any company in particular, but on the whole are rather averse to giving the contract to the Woolston company. They are willing to give a contract to a company that will live up to its contracts in every particular. Just at this time Woolston has better facilities in Helena and are endeavoring the water supply, but other companies claim to have means to furnish more water than Woolston can furnish and they feel that they should have an equal chance with all competitors.

A letter was received yesterday by a prominent citizen from a large eastern pipe manufacturer, who wished to know if the city had contracted for its water supply, and if not to let them know at once, as they intended sending an agent to survey the ground with a view to making a proposition to the city. They were informed by the water council that the city had not yet decided to let the water supply, and to lose no time in sending their agent. This man will arrive here in about five days and will survey the situation.

Copies of City Engineer Miller's report were sent out to pipe manufacturers and water works contractors throughout the east, accompanied with requests to look the situation over, and it is very probable that a few of these may comply with the request. In view of this it is not likely that the city will have to wait long for a proposition without taking into consideration all that may be tendered.
